## Create Number Line Fractions

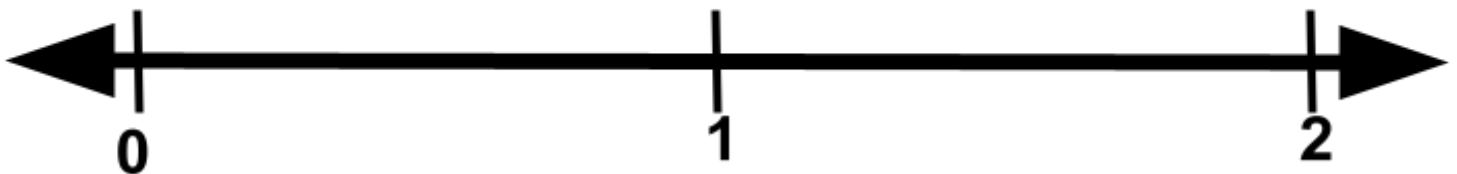

How do you catch a squirrel? Climb into a tree and act like a nut.

1. Create a number line where each part is  $\frac{1}{4}$  of the whole.
2. Label each part.

3. Create a number line where each part is  $\frac{1}{8}$  of the whole.
4. Label each part.

5. Create a number line where each part is  $\frac{1}{6}$  of the whole.
6. Label each part.

7. Create a number line where each part is  $\frac{1}{3}$  of the whole.
8. Label each part.

**9. Place the following fractions on the number line.**

$\frac{7}{8}$     $\frac{3}{8}$     $\frac{5}{8}$     $\frac{1}{8}$
