# May I take your order please?

What's the Easter Bunny's favorite restaurant? IHOP

Hot dog = \$1.70		Drink = \$1.00	
French-fries = \$1.40		Ice cream cone = \$1.90	
Hamburger = \$2.10		Lemonade = \$2.50	
Sub Sandwich = \$3.00		Taco Supreme = \$2.90	

1. **Jacob** wants to buy an ice cream cone and a hamburger. How much money will he need?
2. **Jackson** bought one hamburger, an ice cream cone, and a taco supreme. How much change did he get back after using a \$10.00 bill?
3. **Hattie** wants to buy an ice cream cone for herself and a milkshake for her mother. What would the total cost be?
4. **Kaiden** wants to get himself a treat so he decides to order a milkshake. When he looked in his pockets he only found \$2.15. How much more money does he need in order to pay for the milkshake?
5. **Kinley** wants to buy a taco, an order of French fries, and a milkshake. How much money does she need to have?
6. If **Corbin** buys French fries and an ice cream cone, how much change will he get back if he uses a \$5.00 bill?
7. If **Lexi** wants to buy a taco and a drink, how much would she have to pay?
8. How much more does a taco supreme cost than a regular hamburger?
