

Name: _____

Measure UP Math Lab

Directions: Measure the length of the items listed in the table below using a ruler. Round to the nearest quarter inch. Write the measurements in the following pattern, 1' 2". The ' means foot, and the " represents an inch.

The length of your desk	
The height of your desk from the floor	
Your whiteboard	
Length of a friend's thumb	
Length of another friend's pointer finger	
The length of one of your feet	
The length of one of your pencils	
The length of a whiteboard marker
